

nlohmann::detail::input
_adapter_protocol

```
graph BT; A[nlohmann::detail::file_input_adapter] --> B[nlohmann::detail::input_adapter_protocol]
```

The diagram illustrates a class inheritance relationship. A light gray box at the bottom represents the base class, and a white box at the top represents the derived class. A blue arrow points from the base class to the derived class, indicating that the derived class inherits from the base class.
